**C F C F C G7 C**  
**V1. There are bridges, bridges in the sky, & they are shining in the sun.**  
**C F C F C G7 C**  
They are stone & steel & wood & wire. They can change two things to one.

**G Am F C G7**  
**Chorus 1** They are languages and letters. They are poetry and all.  
**C F C F C G7 C**  
They are love and understanding and they are better than a wall. *repeat*

**C F C F C G7 C**  
**V2. There are canyons. There are canyons. They are yawning in the night.**  
**C F C F C G7 C**  
They are rank and bitter anger, and they're all devoid of light.

**G Am F C G7**  
**Chorus 2** They are fear and blind suspicion. They are apathy and pride.  
**C F C F C G7 C**  
They are dark and soul-foreboding, and they're, oh, so very wide. *repeat*

**C F C F C G7 C**  
**V3. Let us build a bridge of music. Let us cross it with a song.**  
**C F C F C G7 C**  
Let us span a-nother canyon. Let us right a-nother wrong.

**G Am F C G7**  
**Chorus 3** Oh, and if someone should ask us where we're up and bound today.  
**C F C F C G7 C**  
We will tell them, "building bridges," and be off and on our way.  
**G Am F C G7**
